FAURAU SERVICE LIMITED

WWW.FAURAU.COM

COMPANY PROFILE

INTRODUCCION

FAURAU established in 2008, is a professional high-tech company in research, design, production, and sale of quality insect killer lamps. FAURAU focus on indoor and outdoor insect killer lamps. FAURAU has more than 10 years professional experience and proven technique, rely on the innovation and development, providing the satisfied pest control products to customers is our constant pursuit. Today FAURAU's staff always pursue a concept "Ensuring food safer, providing the seamless pest control and safety management", always innovation and development, treat technology as a core and quality as a life. We sincerely provide you the cost-effective insect killer (mosquitoes and flies, fruit and vegetable pests) and the serve of the management of the pest and food safety.

We are committed to providing advance energy solutions and technology. With a professional R&D team and futuristic design capabilities, MCU, electric circuit, and mechanical construction, we are highly experienced in insect killer lamps and mechanical equipment are an OEM/ODM provider for many renowned business client.

MULTIPLE FUNCTIONS

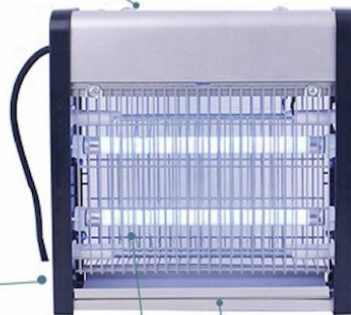

CAA Insect killer 20W/30W/40W

- 1.Slim design,ABS material sidepand, strong and durable;
- 2.Hollow-out design,emit more lights to attract mosquitos
- 3.switch to control the whole unit

Hanging chain for option,can be wall mounted

collection tray at the bottom,easy to clean and collect the death bodies

Easy to open the outer grid to replace the tube

IBA Insect swatter 7W, white/pink

- 1.ABS material,strong and durable
- 2.A hook at the top cover to be hanged on the wall for option

Hidden collection tray at the bottom,easy to collect the death bodies and clean

OAA Insect killer
15W/25W

OAE INSECT KILLER

15W/20W

1200V - 2500V

**Item : OA01****Working principle :**

Use UV lamp to lure the mosquito into the machine,
It is electrocuted by a high voltage grid
Radar induced lighting, The light turn on when the
body approached the mosquito light, Automatic
shutdown when person leaves.

Features :

1. Mosquito killing and lighting two functions
2. Intelligent light control mosquito+Radar induced lighting
3. AC power, more stable for killing mosquito
4. Waterproof , safety
5. Use anti-aging material, more durable
6. 365nm light source, Wavelength durable and stable

Specification :

Voltage : 100-130V 180-240V
Rated frequency : 50/60HZ
High voltage grid : 3000V
Killing mosquito power : 7W
Lighting power : 5W
Color : Black / Brown / Silver
Light source : 365nm UV purple light
Size : 22*22*H80cm
Coverage area : 120-150 square meters
Suitable for the environment :
Villa , garden , holiday resort , schoole , hospital ect.

**Item : OA02****Working principle :**

Use UV lamp to lure the mosquito into the machine,
It is electrocuted by a high voltage grid
Radar induced lighting, The light turn on when the
body approached the mosquito light, Automatic
shutdown when person leaves.

Features :

1. Mosquito killing and lighting two functions
2. Intelligent light control mosquito+Radar induced lighting
3. AC power, more stable for killing mosquito
4. Waterproof , safety
5. Use anti-aging material, more durable
6. 365nm light source, Wavelength durable and stable

Specification :

Voltage : 100-130V 180-240V
Rated frequency : 50/60HZ
High voltage grid : 3000V
Killing mosquito power : 9W
Lighting power : 5W
Color : Black / Brown / Silver
Light source : 365nm UV purple light
Size : 22*22*H80cm
Coverage area : 120-150 square meters
Suitable for the environment :
Villa , garden , holiday resort , schoole , hospital ect.

**Item : OA03****Working principle :**

Use UV lamp to lure the mosquito into the machine, It is electrocuted by a high voltage grid
Radar induced lighting, The light turn on when the body approached the mosquito light, Automatic shutdown when person leaves.

Features :

1. Mosquito killing and lighting two functions
2. Intelligent light control mosquito+Radar induced lighting
3. AC power, more stable for killing mosquito
4. Waterproof , safety
5. Use anti-aging material, more durable
6. 365nm light source, Wavelength durable and stable

Specification :

Voltage : 100-130V 180-240V
Rated frequency : 50/60HZ
High voltage grid : 3000V
Killing mosquito power : 18W
Lighting power : 9W
Color : Black / Brown / Silvery
Light source : 365nm UV purple light
Size : 26*30*H81cm
Coverage area : 200-300 square meters
Suitable for the environment :
Villa , garden , holiday resort , schoole , hospital ect.

**Item : OA04****Working principle :**

Use UV lamp to lure the mosquito into the machine, It is electrocuted by a high voltage grid
Radar induced lighting, The light turn on when the body approached the mosquito light, Automatic shutdown when person leaves.

Features :

1. Mosquito killing and lighting two functions
2. Intelligent light control mosquito+Radar induced lighting
3. AC power, more stable for killing mosquito
4. Waterproof , safety
5. Use anti-aging material, more durable
6. 365nm light source, Wavelength durable and stable

Specification :

Voltage : 100-130V 180-240V
Rated frequency : 50/60HZ
High voltage grid : 3000V
Killing mosquito power : 18W
Lighting power : 9W
Color : Black / Brown / Silvery
Light source : 365nm UV purple light
Size : 31*31*H67cm
Coverage area : 300 square meters
Suitable for the environment :
Villa , garden , holiday resort , schoole , hospital ect.

**Item : OA04B****Working principle :**

Use UV lamp to lure the mosquito into the machine, It is electrocuted by a high voltage grid Radar induced lighting, The light turn on when the body approached the mosquito light, Automatic shutdown when person leaves.

Features :

1. Mosquito killing and lighting two functions
2. Intelligent light control mosquito+Radar induced lighting
3. AC power, more stable for killing mosquito
4. Waterproof , safety
5. Use anti-aging material, more durable
6. 365nm light source, Wavelength durable and stable

Specification :

Voltage : 100-130V 180-240V
 Rated frequency : 50/60HZ
 High voltage grid : 3000V
 Killing mosquito power : 18W
 Lighting power : 15W
 Color : Black / Brown / Slivery
 Light source : 365nm UV purple light
 Size : 31*31*H80cm
 Coverage area : 500 square meters
 Suitable for the environment :
 Villa , garden , holiday resort , schoole , hospital ect.

**Working principle: OA06**

Use UV lamp to lure the mosquito into the machine , it is electrocuted by a high voltage grid Radar induced lighting , The light turn on when the body approaches the mosquito light , Automatic shutdown when person leaves

Features:

1. Mosquito killing and lighting two functions
2. Intelligent light control mosquito +Radar induced lighting
3. AC power , more stable for killing mosquito
4. Waterproof , safty
5. Use anti -aging material ,more durable
- 6.365nm light source,Wavelength durable and stable

Specification :

Voltage : 100-130V 180-240V
 Rated frequency : 50/60HZ
 High voltage grid : 2500V
 Killing mosquito power : 9W
 Lighting power : 3W
 Color : Black/Brown/Slivery
 Light Source : 365nm UV purple light
 Size : 21*21CM*H85CM
 Coverage area : 120-150 square meters
 Suitable for the environment:
 villa, garden , holiday resort,school, hospital ect

Item : OA07**Working principle :**

Use UV lamp to lure the mosquito into the machine,
It is electrocuted by a high voltage grid
Radar induced lighting, The light turn on when the
body approached the mosquito light, Automatic
shutdown when person leaves.

Features :

1. Mosquito killing and lighting two functions
2. Intelligent light control mosquito+Radar induced lighting
3. AC power, more stable for killing mosquito
4. Waterproof , safety
5. Use anti-aging material, more durable
6. 365nm light source, Wavelength durable and stable

Specification :

Voltage : 100-130V 180-240V
Rated frequency : 50/60HZ
High voltage grid : 3000V
Killing mosquito power : 18W
Lighting power : 9W
Color : Black / Brown / Slivery
Light source : 365nm UV purple light
Size : 67*54*H100cm
Coverage area : 300 square meters
Suitable for the environment :
Villa , garden , holiday resort , schoole , hospital ect.

**Item : OA08****Working principle :**

Use UV lamp to lure the mosquito into the machine,
It is electrocuted by a high voltage grid
Radar induced lighting, The light turn on when the
body approached the mosquito light, Automatic
shutdown when person leaves.

Features :

1. Mosquito killing and lighting two functions
2. Intelligent light control mosquito+Radar induced lighting
3. AC power, more stable for killing mosquito
4. Waterproof , safety
5. Use anti-aging material, more durable
6. 365nm light source, Wavelength durable and stable

Specification :

Voltage : 100-130V 180-240V
Rated frequency : 50/60HZ
High voltage grid : 3000V
Killing mosquito power : 18W
Lighting power : 9W
Color : Black / Brown / Slivery
Light source : 365nm UV purple light
Size : 36*36cm
Coverage area : 300 square meters
Suitable for the environment :
Villa , garden , holiday resort , schoole , hospital ect.

Item : OA09**Working principle :**

Use UV lamp to lure the mosquito into the machine, It is electrocuted by a high voltage grid
Radar induced lighting, The light turn on when the body approached the mosquito light, Automatic shutdown when person leaves.

Features :

1. Mosquito killing and lighting two functions
2. Intelligent light control mosquito+Radar induced lighting
3. AC power, more stable for killing mosquito
4. Waterproof, safety
5. Use anti-aging material, more durable
6. 365nm light source, Wavelength durable and stable

Specification :

Voltage : 100-130V 180-240V

Rated frequency : 50/60HZ

High voltage grid : 3000V

Killing mosquito power : 7W

Color : Black / Brown / Slivery

Light source : 365nm UV purple light

Size : 28*28*H65cm

Coverage area : 100 square meters

Suitable for the environment :

Villa , garden , holiday resort , schoole , hospital ect.

**Item : OA10****Working principle :**

Use UV lamp to lure the mosquito into the machine, It is electrocuted by a high voltage grid
Radar induced lighting, The light turn on when the body approached the mosquito light, Automatic shutdown when person leaves.

Features :

1. Mosquito killing and lighting two functions
2. Intelligent light control mosquito+Radar induced lighting
3. AC power, more stable for killing mosquito
4. Waterproof, safety
5. Use anti-aging material, more durable
6. 365nm light source, Wavelength durable and stable

Specification :

Voltage : 100-130V 180-240V

Rated frequency : 50/60HZ

High voltage grid : 3000V

Killing mosquito power : 30W

Color : Black / Brown / Slivery

Light source : 365nm UV purple light

Size : 33*33*H65cm

Coverage area : 80,000 square meters

Suitable for the environment :

Villa , garden , holiday resort , schoole , hospital ect.

Item : SM01**Working principle :**

Use UV lamp to lure the mosquito into the machine, It is electrocuted by a high voltage grid
Radar induced lighting, The light turn on when the body approached the mosquito light, Automatic shutdown when person leaves.

Features :

1. Mosquito killing and lighting two functions
2. Intelligent light control mosquito+Radar induced lighting
3. AC power, more stable for killing mosquito
4. Waterproof , safety
5. Use anti-aging material, more durable
6. 365nm light source, Wavelength durable and stable

Specification :

Voltage : 100-130V 180-240V
Rated frequency : 50/60HZ
High voltage grid : 5000V
Battery capacity: 3.2Ah
Killing mosquito power : 20W
Color : Black / Brown / Silvery
Light source : 365nm UV purple light
Size : 69*25*H108cm
Coverage area : 150 square meters
Suitable for the environment :
Villa , garden , holiday resort , schoole , hospital ect.

**Item : SM02****Working principle :**

Use UV lamp to lure the mosquito into the machine, It is electrocuted by a high voltage grid
Radar induced lighting, The light turn on when the body approached the mosquito light, Automatic shutdown when person leaves.

Features :

1. Mosquito killing and lighting two functions
2. Intelligent light control mosquito+Radar induced lighting
3. AC power, more stable for killing mosquito
4. Waterproof , safety
5. Use anti-aging material, more durable
6. 365nm light source, Wavelength durable and stable

Specification :

Voltage : 100-130V 180-240V
Rated frequency : 50/60HZ
High voltage grid : 3000V
Battery: 5200mAh
Killing mosquito power : 4W
Color : Black / Brown / Silvery
Light source : 365nm UV purple light
Size : 27*27*H63.2cm
Coverage area : 150 square meters
Suitable for the environment :
Villa , garden , holiday resort , schoole , hospital ect.

Item : SM03**Working principle :**

Use UV lamp to lure the mosquito into the machine,
It is electrocuted by a high voltage grid
Radar induced lighting, The light turn on when the
body approached the mosquito light, Automatic
shutdown when person leaves.

Features :

1. Mosquito killing and lighting two functions
2. Intelligent light control mosquito+Radar induced lighting
3. AC power, more stable for killing mosquito
4. Waterproof , safety
5. Use anti-aging material, more durable
6. 365nm light source, Wavelength durable and stable

Specification :

Voltage : 100-130V 180-240V
Rated frequency : 50/60HZ
High voltage grid : 2500V
Battery capacity: 5200mAh
Killing mosquito power : 4W
Color : Black / Brown / Slivery
Light source : 365nm UV purple light
Size : 21*24*H87.1cm
Coverage area : 150 square meters
Suitable for the environment :
Villa , garden , holiday resort , schoole , hospital ect.

**Item : SM04****Working principle :**

Use UV lamp to lure the mosquito into the machine,
It is electrocuted by a high voltage grid
Radar induced lighting, The light turn on when the
body approached the mosquito light, Automatic
shutdown when person leaves.

Features :

1. Mosquito killing and lighting two functions
2. Intelligent light control mosquito+Radar induced lighting
3. AC power, more stable for killing mosquito
4. Waterproof , safety
5. Use anti-aging material, more durable
6. 365nm light source, Wavelength durable and stable

Specification :

Voltage : 100-130V 180-240V
Rated frequency : 50/60HZ
High voltage grid : 2500V
Battery: 5200mAh
Killing mosquito power : 4W
Color : Black / Brown / Slivery
Light source : 365nm UV purple light
Size : 22*22*H60cm
Coverage area : 150 square meters
Suitable for the environment :
Villa , garden , holiday resort , schoole , hospital ect.

Item : SM05**Working principle :**

Use UV lamp to lure the mosquito into the machine,
It is electrocuted by a high voltage grid
Radar induced lighting, The light turn on when the
body approached the mosquito light, Automatic
shutdown when person leaves.

Features :

1. Mosquito killing and lighting two functions
2. Intelligent light control mosquito+Radar induced lighting
3. AC power, more stable for killing mosquito
4. Waterproof , safety
5. Use anti-aging material, more durable
6. 365nm light source, Wavelength durable and stable

Specification :

Voltage : 100-130V 180-240V
Rated frequency : 50/60HZ
High voltage grid : 2500V
Battery capacity: 5200mAh
Killing mosquito power : 4W
Lighting power: 4W
Color : Black / Brown / Slivery
Light source : 365nm UV purple light
Size : 18*25*H120cm
Coverage area : 150 square meters
Suitable for the environment :
Villa , garden , holiday resort , schoole , hospital ect.

**Item : SM06****Working principle :**

Use UV lamp to lure the mosquito into the machine,
It is electrocuted by a high voltage grid
Radar induced lighting, The light turn on when the
body approached the mosquito light, Automatic
shutdown when person leaves.

Features :

1. Mosquito killing and lighting two functions
2. Intelligent light control mosquito+Radar induced lighting
3. AC power, more stable for killing mosquito
4. Waterproof , safety
5. Use anti-aging material, more durable
6. 365nm light source, Wavelength durable and stable

Specification :

Voltage : 100-130V 180-240V
Rated frequency : 50/60HZ
High voltage grid : 2500V
Battery: 5200mAh
Killing mosquito power : 4W
Color : Black / Brown / Slivery
Light source : 365nm UV purple light
Size : 18*27*H120cm
Coverage area : 150 square meters
Suitable for the environment :
Villa , garden , holiday resort , schoole , hospital ect.

Item : SM07**Working principle :**

Use UV lamp to lure the mosquito into the machine,
It is electrocuted by a high voltage grid
Radar induced lighting, The light turn on when the
body approached the mosquito light, Automatic
shutdown when person leaves.

Features :

1. Mosquito killing and lighting two functions
2. Intelligent light control mosquito+Radar induced lighting
3. AC power, more stable for killing mosquito
4. Waterproof , safety
5. Use anti-aging material, more durable
6. 365nm light source, Wavelength durable and stable

Specification :

Voltage : 100-130V 180-240V
Rated frequency : 50/60HZ
High voltage grid : 2500V
Battery capacity: 5200mAh
Killing mosquito power : 4W
Lighting power: 4W
Color : Black / Brown / Slivery
Light source : 365nm UV purple light
Size : 10*18*H18cm
Coverage area : 150 square meters
Suitable for the environment :
Villa , garden , holiday resort , schoole , hospital ect.

**Item : SM08****Working principle :**

Use UV lamp to lure the mosquito into the machine,
It is electrocuted by a high voltage grid
Radar induced lighting, The light turn on when the
body approached the mosquito light, Automatic
shutdown when person leaves.

Features :

1. Mosquito killing and lighting two functions
2. Intelligent light control mosquito+Radar induced lighting
3. AC power, more stable for killing mosquito
4. Waterproof , safety
5. Use anti-aging material, more durable
6. 365nm light source, Wavelength durable and stable

Specification :

Voltage : 100-130V 180-240V
Rated frequency : 50/60HZ
High voltage grid : 5000V
Battery: 20Ah
Killing mosquito power : 18W
Light power: 9W
Color : Black / Brown / Slivery
Light source : 365nm UV purple light
Size : 55*24*H68cm
Coverage area : 500 square meters
Suitable for the environment :
Villa , garden , holiday resort , schoole , hospital ect.

**Item : SM09****Working principle :**

Use UV lamp to lure the mosquito into the machine, It is electrocuted by a high voltage grid Radar induced lighting, The light turn on when the body approached the mosquito light, Automatic shutdown when person leaves.

Features :

1. Mosquito killing and lighting two functions
2. Intelligent light control mosquito+Radar induced lighting
3. AC power, more stable for killing mosquito
4. Waterproof, safety
5. Use anti-aging material, more durable
6. 365nm light source, Wavelength durable and stable

Specification :

Voltage : 100-130V 180-240V
 Rated frequency : 50/60HZ
 High voltage grid : 2500V
 Battery capacity: 5200mAh
 Killing mosquito power : 4W
 Lighting power: 4W
 Color : Black / Brown / Slivery
 Light source : 365nm UV purple light
 Size : 28*28*H60cm
 Coverage area : 150 square meters
 Suitable for the environment :
 Villa , garden , holiday resort , schoole , hospital ect.

**Item : SM10****Working principle :**

Use UV lamp to lure the mosquito into the machine, It is electrocuted by a high voltage grid Radar induced lighting, The light turn on when the body approached the mosquito light, Automatic shutdown when person leaves.

Features :

1. Mosquito killing and lighting two functions
2. Intelligent light control mosquito+Radar induced lighting
3. AC power, more stable for killing mosquito
4. Waterproof, safety
5. Use anti-aging material, more durable
6. 365nm light source, Wavelength durable and stable

Specification :

Voltage : 100-130V 180-240V
 Rated frequency : 50/60HZ
 High voltage grid : 5000V
 Battery: 20Ah
 Killing mosquito power : 18W
 Light power: 9W
 Color : Black / Brown / Slivery
 Light source : 365nm UV purple light
 Size : 55*24*H68cm
 Coverage area : 500 square meters
 Suitable for the environment :
 Villa , garden , holiday resort , schoole , hospital ect.

Item : SM11**Working principle :**

Use UV lamp to lure the mosquito into the machine, It is electrocuted by a high voltage grid Radar induced lighting, The light turn on when the body approached the mosquito light, Automatic shutdown when person leaves.

Features :

1. Mosquito killing and lighting two functions
2. Intelligent light control mosquito+Radar induced lighting
3. AC power, more stable for killing mosquito
4. Waterproof , safety
5. Use anti-aging material, more durable
6. 365nm light source, Wavelength durable and stable

Specification :

Voltage : 100-130V 180-240V

Rated frequency : 50/60HZ

High voltage grid : 2500V

Battery capacity: 5200mAh

Killing mosquito power : 4W

Lighting power: 4W

Color : Black / Brown / Slivery

Light source : 365nm UV purple light

Coverage area : 200-300 square meters

Suitable for the environment :

Villa , garden , holiday resort , schoole , hospital ect.

**Item : SM12****Working principle :**

Use UV lamp to lure the mosquito into the machine, It is electrocuted by a high voltage grid Radar induced lighting, The light turn on when the body approached the mosquito light, Automatic shutdown when person leaves.

Features :

1. Mosquito killing and lighting two functions
2. Intelligent light control mosquito+Radar induced lighting
3. AC power, more stable for killing mosquito
4. Waterproof , safety
5. Use anti-aging material, more durable
6. 365nm light source, Wavelength durable and stable

Specification :

Voltage : 100-130V 180-240V

Rated frequency : 50/60HZ

High voltage grid : 2500V

Battery: 5200Ah

Killing mosquito power : 4W

Light power: 4W

Color : Black / Brown / Slivery

Light source : 365nm UV purple light

Coverage area : 100 square meters

Suitable for the environment :

Villa , garden , holiday resort , schoole , hospital ect.

Item : SM13**Working principle :**

Use UV lamp to lure the mosquito into the machine,
It is electrocuted by a high voltage grid
Radar induced lighting, The light turn on when the
body approached the mosquito light, Automatic
shutdown when person leaves.

Features :

1. Mosquito killing and lighting two functions
2. Intelligent light control mosquito+Radar induced lighting
3. AC power, more stable for killing mosquito
4. Waterproof , safety
5. Use anti-aging material, more durable
6. 365nm light source, Wavelength durable and stable

Specification :

Voltage : 100-130V 180-240V

Rated frequency : 50/60HZ

High voltage grid : 2500V

Battery capacity: 5200mAh

Killing mosquito power : 4W

Lighting power: 4W

Color : Black / Brown / Slivery

Light source : 365nm UV purple light

Coverage area : 200 square meters

Suitable for the environment :

Villa , garden , holiday resort , schoole , hospital ect.

**Item : SM14****Working principle :**

Use UV lamp to lure the mosquito into the machine,
It is electrocuted by a high voltage grid
Radar induced lighting, The light turn on when the
body approached the mosquito light, Automatic
shutdown when person leaves.

Features :

1. Mosquito killing and lighting two functions
2. Intelligent light control mosquito+Radar induced lighting
3. AC power, more stable for killing mosquito
4. Waterproof , safety
5. Use anti-aging material, more durable
6. 365nm light source, Wavelength durable and stable

Specification :

Voltage : 100-130V 180-240V

Rated frequency : 50/60HZ

High voltage grid : 2500V

Battery: 5200Ah

Killing mosquito power : 4W

Light power: 4W

Color : Black / Brown / Slivery

Light source : 365nm UV purple light

Coverage area : 200 square meters

Suitable for the environment :

Villa , garden , holiday resort , schoole , hospital ect.

Item : SM15**Working principle :**

Use UV lamp to lure the mosquito into the machine,
It is electrocuted by a high voltage grid
Radar induced lighting, The light turn on when the
body approached the mosquito light, Automatic
shutdown when person leaves.

Features :

1. Mosquito killing and lighting two functions
2. Intelligent light control mosquito+Radar induced lighting
3. AC power, more stable for killing mosquito
4. Waterproof , safety
5. Use anti-aging material, more durable
6. 365nm light source, Wavelength durable and stable

Specification :

Voltage : 100-130V 180-240V

Rated frequency : 50/60HZ

High voltage grid : 2500V

Battery capacity: 5200mAh

Killing mosquito power : 4W

Lighting power: 4W

Color : Black / Brown / Slivery

Light source : 365nm UV purple light

Coverage area : 200 square meters

Suitable for the environment :

Villa , garden , holiday resort , schoole , hospital ect.

**Item : SM16****Working principle :**

Use UV lamp to lure the mosquito into the machine,
It is electrocuted by a high voltage grid
Radar induced lighting, The light turn on when the
body approached the mosquito light, Automatic
shutdown when person leaves.

Features :

1. Mosquito killing and lighting two functions
2. Intelligent light control mosquito+Radar induced lighting
3. AC power, more stable for killing mosquito
4. Waterproof , safety
5. Use anti-aging material, more durable
6. 365nm light source, Wavelength durable and stable

Specification :

Voltage : 100-130V 180-240V

Rated frequency : 50/60HZ

High voltage grid : 2500V

Battery: 5200Ah

Killing mosquito power : 4W

Light power: 4W

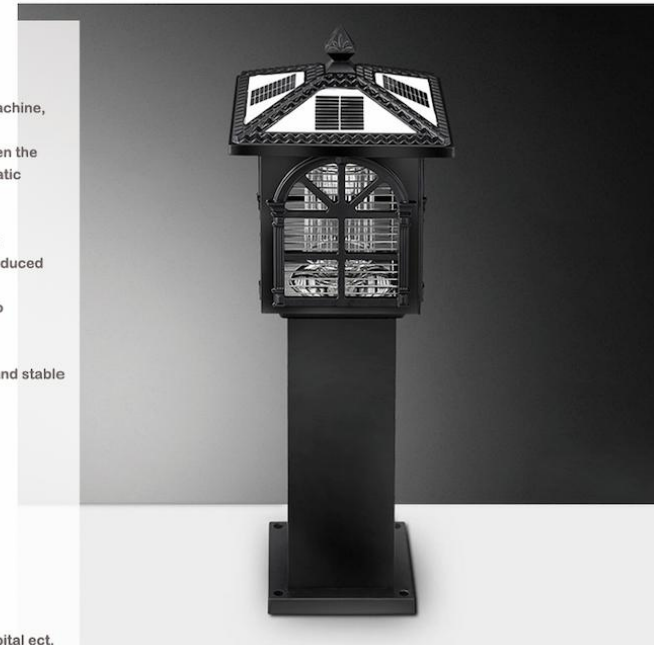

Color : Black / Brown / Slivery

Light source : 365nm UV purple light

Coverage area : 200 square meters

Suitable for the environment :

Villa , garden , holiday resort , schoole , hospital ect.

Item : SM17**Working principle :**

Use UV lamp to lure the mosquito into the machine,
It is electrocuted by a high voltage grid
Radar induced lighting, The light turn on when the
body approached the mosquito light, Automatic
shutdown when person leaves.

Features :

1. Mosquito killing and lighting two functions
2. Intelligent light control mosquito+Radar induced lighting
3. AC power, more stable for killing mosquito
4. Waterproof , safety
5. Use anti-aging material, more durable
6. 365nm light source, Wavelength durable and stable

Specification :

Voltage : 100-130V 180-240V

Rated frequency : 50/60HZ

High voltage grid : 2500V

Battery capacity: 5200mAh

Killing mosquito power : 4W

Lighting power: 4W

Color : Black / Brown / Silvery

Light source : 365nm UV purple light

Coverage area : 200 square meters

Suitable for the environment :

Villa , garden , holiday resort , schoole , hospital ect.

**Item : SM18****Working principle :**

Use UV lamp to lure the mosquito into the machine,
It is electrocuted by a high voltage grid
Radar induced lighting, The light turn on when the
body approached the mosquito light, Automatic
shutdown when person leaves.

Features :

1. Mosquito killing and lighting two functions
2. Intelligent light control mosquito+Radar induced lighting
3. AC power, more stable for killing mosquito
4. Waterproof , safety
5. Use anti-aging material, more durable
6. 365nm light source, Wavelength durable and stable

Specification :

Voltage : 100-130V 180-240V

Rated frequency : 50/60HZ

High voltage grid : 2500V

Battery: 5200Ah

Killing mosquito power : 4W

Light power: 4W

Color : Black / Brown / Silvery

Light source : 365nm UV purple light

Coverage area : 200 square meters

Suitable for the environment :

Villa , garden , holiday resort , schoole , hospital ect.
